ASSIGNMENT OF PAYMENT / ACKNOWLEDGEMENT OF FINANCIAL RESPONSIBILITY / RELEASE OF INFORMATION

I hereby assign any payment otherwise payable to me from Medicare, Medicaid, insurance carriers, employee health benefit plans and/or other third-party payers (collectively referred to as "Plans") to Hospital and other health care providers who provide services, care or treatment to me at Hospital.

I acknowledge that I am responsible for knowing the limitations of my Plan benefits and agree to be personally responsible for paying the charges billed for services, care or treatment that my Plan deems to be: (i) not a covered benefit; or (ii) in excess of the Plan's benefit limitation.

I authorize Hospital and my treating health care providers to release a copy of my medical records and to release any other information necessary for them to obtain the assigned payment from any Plan(s) under which I am eligible to receive covered benefits and/or any settlement(s) or award of damages arising from an incident that caused the injuries for which I am receiving treatment.

I acknowledge that a health care provider who does not contract with my Plan or participate in my Plan's network (an "Out of Network Provider") may be called upon to render items or services during the course of my treatment, or I may receive a referral to obtain items and services from an Out of Network Provider. I understand that my Plan may apply different coverage and payment limitations to items and services rendered by Out of Network Providers, and that I may contact my Plan for assistance, including identification of health care providers currently in my Plan's network, prior to obtaining such items and services.

Hospital will make a reasonable effort to verify my Plan's coverage for the services, care and treatment I am expected to receive at Hospital and to notify me, in advance, of items it knows are not covered benefits. However, should my Plan ultimately deny payment for the services, care and treatment provided to me by Hospital and its health care providers, I am responsible for paying the billed charges for such items, consistent with any applicable, written, contractual discounts and Hospital's patient financial assistance policies.

I agree to promptly pay, when requested by Hospital, the difference between Hospital's billed charges for the services, care and treatment I received and the amount covered by my Plan benefits, other than those amounts excluded by a written contractual agreement and/or Hospital's patient financial assistance policies. Upon request, an authorized patient representative will be made available to explain eligibility for financial assistance under such policies.

If Hospital refers my account for collection, I will be responsible for paying the cost of collection, including reasonable attorney fees, expenses and interest as allowed by Indiana law. I authorize Hospital and all clinical providers who have provided care or interpreted my tests, along with any billing service and their collection agency or attorney who may work on their behalf, to contact me on my cell phone, which could result in charges to me, and/or home phone using pre-recorded messages, artificial voice messages, automatic telephone dialing devices or other computer assisted technology, or by electronic mail, text messaging or by any other form of electronic communication to discuss any past, future or current services, including the collection of any past due amounts. I acknowledge that it is my responsibility to present any questions I may have regarding charges for services provided to me by the Hospital within 60 days of receiving my first bill for such services and/or procedures.

INDEPENDENT PHYSICIANS AND OTHER PROVIDERS

READ CAREFULLY:

I recognize that many of the physicians who provide services to me at Hospital are independent contractors and are not agents or employees of the Hospital. This includes but is not limited to: emergency department physicians and physician assistants, the anesthesiologists, the radiologists, the pathologists, and the physicians who are on-call to the emergency department to render specialty services. I understand and agree that each of the above referenced physicians is not subject to the control and supervision of the Hospital. Should I have any questions regarding the relationship between the physician providing services to me and the Hospital, I have the right to ask further questions.
